

BACK TO THE BASICS - "TAKE A SHOT TELL 2"

How Did Ruth Elliott earn 1.8 Million with Vemma?

She lived by these words, "take a shot and tell 2 people, and then help those 2 people tell 2 people. It's as simple as that."

Everyone can easily share with 2 people about a great product and opportunity. Make your list of people interested in health and who may be looking for an opportunity.

When you tell someone - for \$120 a month, only \$4 a day, you can own your own business and have the potential to earn residual income - their first response is how?

Ruth Elliott will tell them "I told 2 people about Vemma and they told 2 and it grew from there and it grew quickly because the product is that good."

Ruth Elliott is our team leader and in 90 days became a Royal Ambassador with Vemma by practicing the simple sharing method "TAKE A SHOT AND TELL 2".

If our team practices this method and utilizes Ruth and the Vemma tools for third party product/opportunity validation, everyone will surely succeed with Vemma!

Enjoy your Vemma Shots and making money from sharing!

If everyone grows by adding just 2 members in a calendar year...

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan

Looking at the duplication principle above, you will easily see that the binary system is by far the most simple structure ever used in compensation plans. A simple 2 leg approach = duplication!
