Pens	
Towels / Wipes / Towel	

Sampling at your booth suggestion:

Use your Vemma and Vemma NEXT 32 oz. bottle for sampling. Ask people to give their name, phone and email on a sign up form for a free 1 oz. sample of Vemma. Pour into a cup and wait for reaction. Offer Verve as a sample as well from the can (cold!). They can purchase a can of Verve or a Verve shot for \$3.00 if they like it. This process will make your Vemma last longer and gain you an active database to reach out to after the show. Remember to keep all product cold - it tastes best that way!
